Making a Ship

Ted is making a model of a ship. With a sharp knife, he cut a block of wood into the shape he wanted. Then he chose some very tough sandpaper and began to rub the rough edges of the block of wood. When he has rubbed the woood enough, it will no longer feel rough. It will be as smooth to the touch as satin.

Fill in the blanks with words from the box.

rough
tough
enough
touch

When you feel something with your fingers, you _____ it.

The block of wood that Ted is sanding still has _____ edges.
