Telling What You Did

Susan went to the farm to visit her grandfather. One day he said, "Susan, the crows are eating my corn. You can help me put up a scarecrow."

Susan and her grandfather worked hard on the scarecrow. Then they sat down under a big tree.

Susan asked, "Do you think the scarecrow will really scare the crows away?"

"Watch and see," Grandfather said.

Soon some crows came very near. All but one of them flew away. This crow was not afraid at all. It sat right on top of the scarecrow's head.

Grandfather jumped up and tried to scare the crow. It flew away. But soon it came back again. This time the crow sat on her grandfather's arm.

"Oh, Grandfather! What a funny scarecrow you are!" Susan laughed.
